

If you want to subscribe to our web app:

1. Visit <https://www.lunaportramobile.com/> and create an account.
2. Click **Preferences** and navigate to the **Subscription** tab.
3. Finally, click **Upgrade**. This takes you to Stripe to process a payment (\$5/month).

If you record the minimum number of answers (20), you can submit your answers to us for compilation. Doing so means we will synthesize a Volume for you, store that Volume forever in our online library (you choose to share it publicly or privately), and send you a Moonstone (5" x 7", granite memorial) that you can place with your headstone to direct family, friends, and future generations to your Volume. To do so:

1. Visit <https://www.lunaportramobile.com/> and log in.
2. Click **Preferences** and navigate to the **Submission** tab.
4. Click **Submit Collection**. This takes you to Stripe to process a payment (one-time \$300 fee).

Finally, if you would prefer instead to have us film your Volume professionally and in person, you can choose to do so by:

1. Visiting <https://www.lunaportra.com/services> and clicking on one of the links.
2. **Autobiographical Volume** interviews help you paint your story; **Biographical Volume** interviews help you highlight your bond with—and let offer your unique perspective of—a close loved one.

Thank you endlessly,

**Alex J. Eiseman**
